OUR STORY

JASPER SKY TRAM

ATHABASCA FALLS, ALBERTA

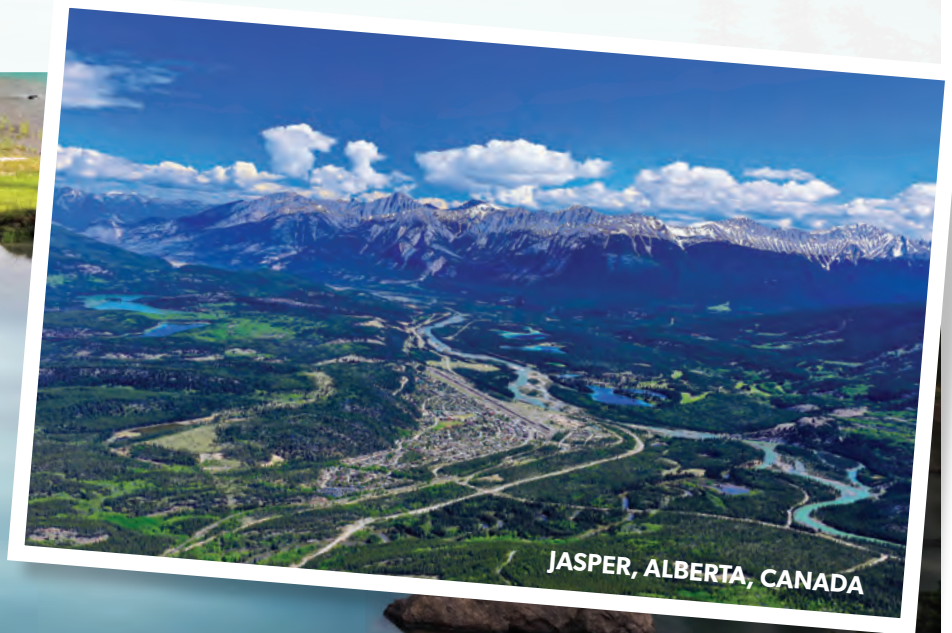

52.8737° N, 118.0814° W

OUR HUMBLE BEGINNINGS...

The creation of **Kuma™ Outdoor Gear** was inspired in one of the most beautiful places in the world... Jasper, Alberta Canada. Located amid the snow-capped Canadian Rocky Mountains this alpine town is the commercial centre of Jasper National Park. The park is filled with vast glacier-fed lakes, forests and rivers. A town rich in history from the early days of the fur trade to construction of mountain side cross Canada railways and of course early exploration of this majestic land. From inspiration of many camping trips, hikes, bike rides, and ski trips, in 2014 we began the journey to create products that would encourage others to experience nature's beauty like you'd find in Jasper.

OUR KOLLABORATORS

At Kuma Outdoor Gear, we are proud to work with and “kollaborate” with other like minded businesses in the outdoor world. With these innovative companies we strive to complement and support what they already embody. Our goal together, is to bring the best products to our customers so they can experience the ultimate outdoor adventures with family and friends. We are always on the look out for other innovative partnerships, so if you want to work with us... reach out and let us know. Let's work together to currate unforgettable outdoor adventures!

A person with blonde hair in a bun, wearing a red long-sleeved shirt and black pants, stands on a rocky ledge overlooking a vast desert canyon. The sun is setting behind a large rock formation on the left, casting a warm orange glow over the scene. A winding river flows through the canyon floor. A semi-transparent map of Australia is overlaid on the upper half of the image, with the title text written across it. White topographic contour lines are drawn over the lower half of the image, particularly around the person and the canyon floor.
