

KUMA[®]

OUTDOOR GEAR

2027

Adventure together.

KUMA™ Outdoor Gear products are designed in Canada for the outdoor enthusiast with the desire to be just as comfortable outdoors as they are indoors. Our emphasis is on portable, luxury outdoor furniture that you can take with you wherever you go. Created in 2014, our innovation continues as the product offering is growing every year. Along with continued focus on furniture, you will also find a selection of products including tents, sleeping bags, travel games, pet products and drinkware!

Durable and dependable products. It's really that simple.

UNBEATABLE WARRANTY PROGRAM

— Relax, WE GOT YOU! —

Kuma takes pride in offering **one of the best warranty programs** in the industry, reflecting our unwavering commitment to quality and customer satisfaction. Our products are crafted with care to ensure durability and reliability on any outdoor adventure.

To reinforce this, we provide a **limited lifetime warranty** on most items, demonstrating our confidence in their longevity. For products not covered by this guarantee, we offer a minimum one-year warranty, ensuring customer peace of mind.

We emphasize extensive warranty offerings because we aim to be a trusted brand you can count on, especially during critical moments outdoors. Our goal is to eliminate any doubts about gear reliability, fostering a relationship of **trust with every customer** who chooses Kuma for their adventures.

RE-DISCOVER PROJECT

KUMA™ Outdoor Gear

At Kuma® Outdoor Gear, we've always believed great gear should last and that we have a responsibility to keep it out of the landfill for as long as possible. Through our **Fix-It-Don't-Replace-It** project, we've made it easier to repair and extend the life of our products, keeping them in use season after season.

Building on that, we launched and continue to grow our **Re-Discover Project**, an initiative focused on giving end-of-life-gear a second life. So far, we've successfully diverted over 8,000 lbs of materials from the landfill, transforming them into unique, repurposed products that carry new stories into the outdoors.

Repurposed, with our **bear** hands.

Items we are re-producing:

- The Logger
- Woodland Tote
- Treeline Tent Tote

In cooperation with:

Rediscover your gear.

kumaoutdoorgear.com

Other ways we are reducing waste...

Reduce Cardboard & Plastic Packaging

With an emphasis on design and functionality, we use the least amount of packaging necessary. When packaging is needed, we consider the potential for recycling or suggest reusing cardboard as a fire starter on one of your next adventures. We have begun substituting plastic bags with compostable/biodegradable alternatives.

Re-Use Raw Materials

With our Re-Discover Project we've embarked on repurposing and reusing items such as chairs, tents and pet products warranted, broken, and returned. We're giving them a new life and "Re-Discovering" how we can continue the life-cycle of these would-be discarded materials.

Replace Damaged or Broken Parts

Each year, we continue to expand our offering of spare parts across key products, making it easier to extend the life of our gear. Our Fix- It-Don't-Replace-It initiative is designed to reduce landfill waste while giving customers a simple, reliable way to repair and keep their gear in use, season after season.

We have over
50 spare parts
available.

NEW COLOR SERIES

Inspired by the icy blue glacier waters of the Rocky Mountains and the endless open skies of the Canadian Prairies, Kuma proudly introduces our newest color series: **Cobalt Blue**.

Designed to feel right at home in the wild, this rich, vibrant hue pairs effortlessly with the natural tones of any campsite—from deep green forests and sandy shorelines to rugged mountain backdrops. Whether you're setting up by the lake or tucked into the trees, embrace nature's calmness with gear for the perfect serene setting.
